Opportunity Corridor Public Involvement Meetings

October 5th, 6th, and 7th, 2010

The Ohio Department of Transportation (ODOT) invites your comments on the Opportunity Corridor project. Comments may be provided in the space below or on a separate sheet of paper. ODOT welcomes comments on the project at any time. However, in order for your comments to be considered prior to the next step of the project planning, ODOT requests that your written comments be submitted at this meeting or mailed in by **October 22, 2010**. Mail comments to Jocelynn Clemings at the ODOT, District 12 office (address provided on reverse side of questionnaire).

You may use additional pages if necessary. Your responses will be considered prior to identifying feasible alternatives (ODOT Project Development Process Step 6) for the Opportunity Corridor study. **Thank you for your input.**

In order to help us track comments received; please provide us with your contact information (Optional)

Name: TIM RICHARDS Date: OCT. 7, 2010
Address: 27024 POND SIDE POINT City: OLMSTED TWP. Zip: 44138-3161

1. How did you find out about this public meeting? ☐ Newsletter ☐ Newspaper ad
☐ Flyer ☐ TV/Radio ☐ Project website ☒ Other Through the ODOT interstate new bridge and highway reworking.
2. Are you a member of a civic or business group (e.g., homeowners' association, non-profit group, etc.)?
☐ Yes ☒ No If so, which one? _____
3. What is your interest in the Opportunity Corridor project? ☐ Live in study area
☐ Work in study area ☐ Play in study area ☒ General interest/Concerned citizen
4. Of the alternates presented, which do you prefer in the **West Section**?
☐ Alternate A ☐ Alternate B ☐ Alternate C ☐ None
Why do you prefer this alternate (or dislike the others)? I will study the alternates more at next meeting. Generally, the alternative that cuts off Woodland Ave. at an extreme ^{angle}, rendering it closed in sections, would not be a good idea.
5. Of the alternates presented, which do you prefer in the **Central Section**?
☐ Alternate A ☐ Alternate B ☐ Alternate C ☐ None
Why do you prefer this alternate (or dislike the others)? Need to study it more.

6. Of the alternates presented, which do you prefer in the **East Section**?

☐ Alternate A ☐ Alternate B ☐ Alternate C ☐ None

Why do you prefer this alternate (or dislike the others)? *Ditto*

7. Do you have any additional comments on the Opportunity Corridor project?

Yes. The Corridor is absolutely necessary to stimulate economic development in the "forgotten triangle" of Cleveland's east side. Excellent work!

Fax (216) 791-3474

Dear Jocelynn Clemings,

I own Farm House Food Distributors, Inc. located at 9000 Woodland Avenue and I have a few concerns regarding the Opportunity Corridor. We currently have both a front and rear entrance and with the planned expansion of the Kenneth Johnson Recreation Center I am concerned about losing the rear entrance.

We currently have 10-15 semi trucks that deliver product on a daily basis and they need to back into the front entrance on Woodland Avenue. They need to be facing west in order to back in to the entrance, in order to face west they need to turn around on Woodland Avenue since the majority of them come to us from the west. If Woodland Avenue is under construction will the trucks have the ability to do this? We also sometimes unload trucks that are parked on Woodland Avenue, will there be able to do this if there is increased traffic on Woodland?

If you have any questions please feel free to call me at the above number.

Sincerely

Daniel N. Simon

Sarah Brown

Subject: Re: More OC Comments

Talked with Mr. Simon. He is concerned on trucks backing into his parking lot..if we select the non-continuous woodland it would be more difficult..the continuous woodland alternative has basically no impact to him. He does have a rear drive onto Kennedy where Ken Johnson wants to buy his back lot and he is concerned more on losing that connection. However, I told him that would not involve ODOT. For now he is ok. I did indicate more people seem to favor the continuous woodland alternative.

Matt: I assume you will keep the documentation and add it to the rest of the comments received.

Subject More OC Comments

FYI... please see the attached comments.

Matt and/or Dale: Mr. Simon from Farm House Foods has some concerns about whether or not his trucks will be able to turn around on Woodland Ave. in order to enter his operation from the west. I assume this is something we can work out during construction, but take a look and let me know your thoughts! He can be reached at 216.791.6948.

Safe and pleasant travels,

Opportunity Corridor Public Meeting Press Release:

Opportunity Corridor Study is underway and we need your input...

The Ohio Department of Transportation (ODOT) in conjunction with the City of Cleveland, is conducting the Opportunity Corridor Study to investigate options to create the transportation network needed for the revival and redevelopment of large areas of vacant land. This area includes land bounded by Quincy Avenue on the north, East 55th Street on the west, Woodhill Road/East 93rd Street on the east and Bessemer Avenue on the south.

There will be six public meetings held from **October 5 through October 7, 2010**. The purpose of these meetings will be to summarize the engineering and environmental studies completed since the previous public meetings in September 2009. Alternatives recommended for further study will also be identified. Representatives from ODOT, the City of Cleveland and the study team from HNTB Ohio, Inc. will be available to answer questions. All comments received will be given careful consideration as the study progresses.

What: Opportunity Corridor Public Meetings

When/Where: The same presentation will be given at all meetings

Meeting #1

When: Tuesday, October 5, 2010
*6:00 pm to 8:00 pm

Where: Mt. Sinai Baptist Church
7510 Woodland Avenue

Meeting #4

When: Wednesday, October 6, 2010
*6:00 pm to 8:00 pm

Where: Edgewood Park
3215 E 55th Street

Meetings #2 / #3 (2 formal presentations)

When: Wednesday, October 6, 2010
*8:00 am to 10:00 am
*11:00 am to 1:00 pm

Where: Kenneth L. Johnson Recreation Center
9206 Woodland Avenue

Meetings #5 & #6 (2 formal presentations)

When: Thursday, October 7, 2010
*4:00 pm to 6:00 pm
*6:00 pm to 8:00 pm

Where: John Hay High School
2075 Stokes Boulevard

** Please note: Formal presentations will begin half-an-hour after the start of each meeting*

We hope to see you there.....

HNTB

Shared Vision Statement

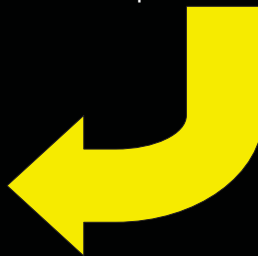

The Opportunity Corridor will act as a catalyst for economic development in the City of Cleveland, create vital connections to the greater region, and support revitalization efforts in the surrounding established neighborhoods. The well-designed, multi-modal public infrastructure will leverage private investment and infuse the corridor-area with new jobs for existing and future residents. The success of the Opportunity Corridor will result from an inclusive planning process that involves the community and results in development initiatives that promote sustainable land uses and healthy communities.

ADVANCED MANUFACTURING AND ENGINEERING

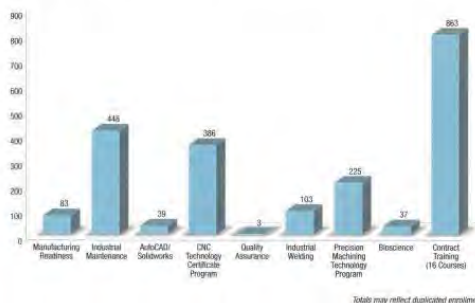

The Advanced Manufacturing and Engineering programs have been developed in conjunction with local companies and industry leaders to ensure that graduates receive the most up-to-date and relevant skills training for today's jobs.

In addition, participants train on the latest industry equipment in the more

than 12,000 square feet facility at the Unified Technologies Center. Credit, non-credit, certificate and customized training programs prepare graduates for immediate placement and career advancement in the growing advanced manufacturing and engineering industry in Northeast Ohio.

Program areas include:

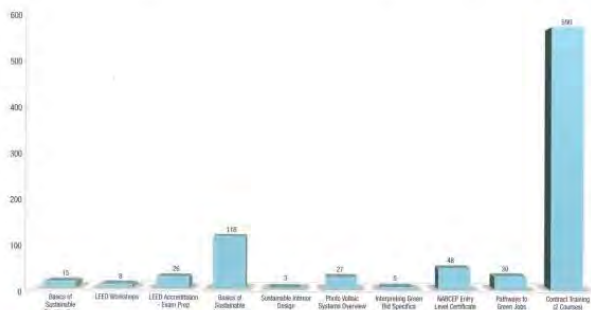

- Precision Machining Technology (PMT)
- Computer Numerical Control (CNC)
- Industrial Maintenance
- Industrial Welding
- Quality Assurance
- AutoCAD/Solidworks
- Bioscience Technologies

ALTERNATIVE ENERGY AND SUSTAINABLE TRAINING

To advance sustainability efforts, Tri-C offers a variety of alternative energy and sustainability training opportunities. These programs include building construction, deconstruction, utility wind technicians and

the Pathways to Green Jobs program, which provides training for dislocated workers. LEED continuing education and basic sustainability courses are available as well.

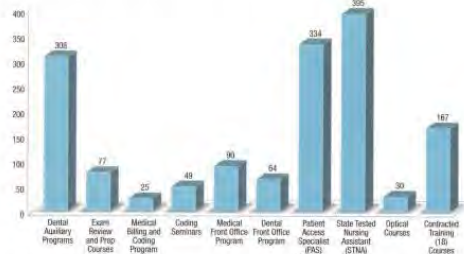

Program areas include:

- Energy Auditing
- Alternative Energy Installation
- Commercial Wind Turbine Technician
- LEED courses
- Basics of Sustainable Construction
- Reading Green Bid specs/LEED Paperwork Compliance

CENTER FOR HEALTH INDUSTRY SOLUTIONS

The Center for Health Industry Solutions offers a range of high quality courses, certifications and continuing professional education seminars to meet the needs of those seeking entry-level positions in healthcare, those in need of continuing education to maintain licensure and those looking to advance in the field through professional certifications.

Course content and goals are developed in response to the hiring requirements of Northeast Ohio healthcare organizations and employers. The Center also offers customized training programs for healthcare organizations and their employees.

Totals may reflect duplicated enrollment.

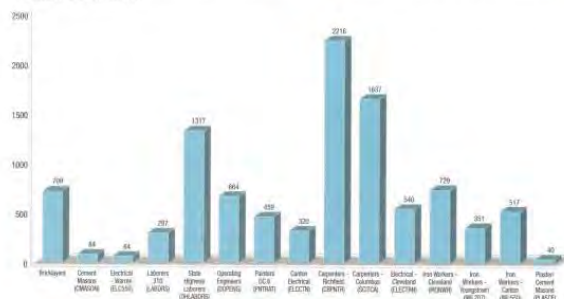

Program areas include:

- State Tested Nursing Assistant (STNA)
- Medical Front Office
- Dental Front Office
- Patient Access Specialist (PAS)
- Medical Billing and Coding
- Continuing Education for Medical Professionals

CONSTRUCTION APPRENTICESHIP PROGRAMS

The Construction Apprenticeship Training programs are conducted in conjunction with the Joint Apprenticeship Training Council of each respective trade. Apprenticeships, which generally take three to five years to complete, are the foundation for a career in a construction trade.

Program content is designed to meet national skill standards set by each trade, promote professionalism and facilitate recruitment. After completing an apprenticeship, many students go on to earn two-year degrees in applied sciences.

Totals may reflect duplicated enrollment.

Program areas include:

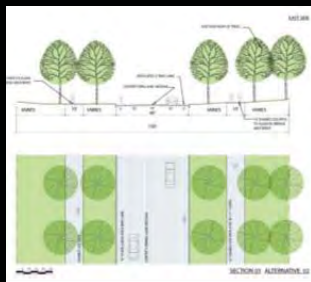

- Electrician Training
- Carpenter Training
- Iron Worker Training
- Operating Engineer Training
- Bricklayer Training
- Cement Mason Training
- Painter Training
- Construction Laborer Training

Result in development initiatives that promote sustainable land uses and healthy communities.

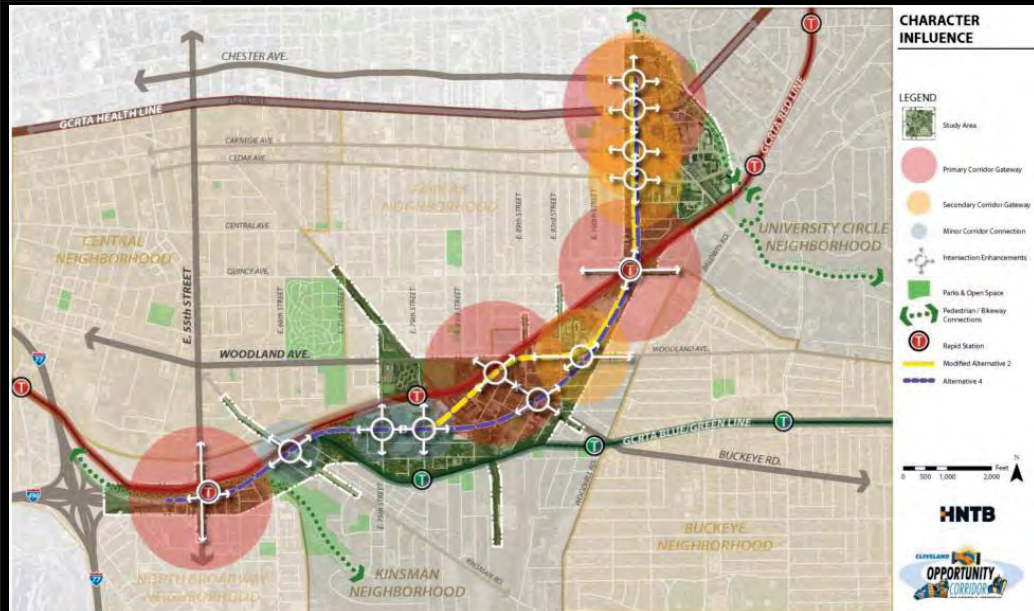

CSS Primer

What is Context Sensitive Solutions (CSS)?

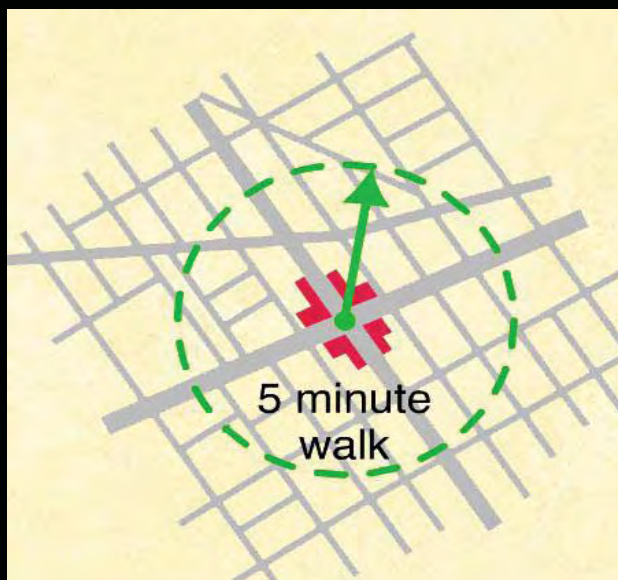

Simultaneously advancing the objectives of safety and mobility with preservation and enhancement of aesthetic, historic, environmental, and community values ... our obligation to reflect societal values in our work

Existing Conditions Character & Influences

The optimal size of a neighborhood is a quarter-mile from center to edge. For most people, a quarter mile is a **five-minute walk**. For a neighborhood to feel walkable, many daily needs should be supplied within this five-minute walk. That includes not only housing, but stores, workplaces, schools, houses of worship, and recreational areas.

Typical retail area under normal conditions

Build up instead of out

Lighting, trees, awnings, and crosswalks

High Density, Mixed-Use, Pedestrian Friendly District: Promoting activity, employment, convenience, and a sense of safety

Gateways into neighborhoods / districts should create identity

Design Character

Landform Components

Roadside Components

Roadway Components

Design Character

Vegetative Components

Community Components

Design Character

Corridor Character / Theme

HISTORIC
Inspiration

Uses the traditional character, architecture and history of the context as inspiration for corridor design features.

PROGRESSIVE
Inspiration

Uses the modern, clean lines to define a "new sustainable future" as inspiration for corridor design features.

COMMUNITY
Inspiration

Uses the local culture and community landmarks of the context as inspiration for corridor design features.

The success of the Opportunity Corridor will result from an inclusive planning process that involves the community

CSS Vision

Listening: Neighborhood Themes

What are the most important improvements to be made to the neighborhood?

- Beautify and rebuild the neighborhood
- Streets and street lights
- Rebuild and eliminate vacant lots
- New small businesses / retail / shops
- Police enforcement
- Enhance access to public transit
- Jobs / employment opportunity
- Need to support change
- Economic development

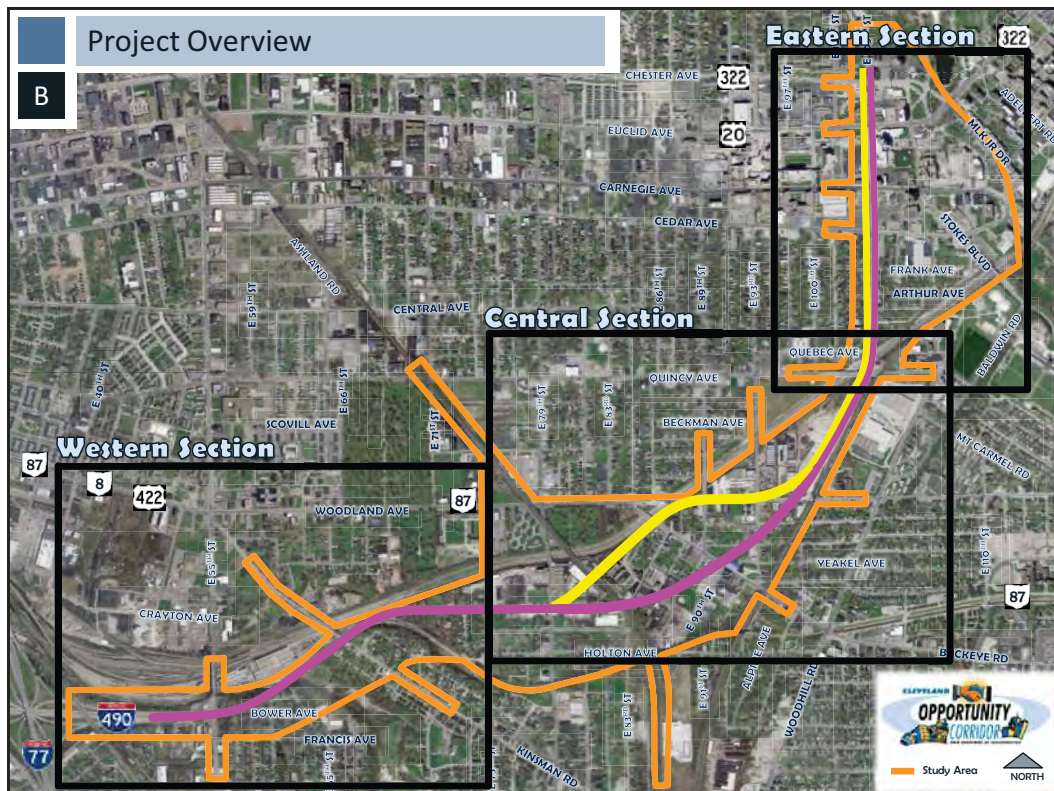

Project Overview

- Goals and Objectives
 - Improve Access & Mobility
 - Create Economic Development Opportunities
- Purpose and Need
 - To create the transportation infrastructure to support the revival and redevelopment of large tracts of vacant industrial and residential land

HNTB

HNTB

Project Overview

Summary of Public Comments

- Neighborhood Revitalization is Important
- Resident/Business/Neighborhood Impact Concerns
- Project should be Aesthetically Pleasing, Sustainable and Multi-Modal

Project Overview

Real Estate Acquisition

Acquisition/Relocation Phase Begins

Acquisition/Relocation Phase Ends

~ 12-18 month timeline

Project Overview

The Relocation Process

Residential Owner Occupied Benefits

- Must be living in home at the time offer is presented to qualify for program benefits (primary place of residence)
- Price Differential
 - Replacement Housing
 - Incidental Expenses (i.e. closing costs, credit reports, application fees, etc...)
 - Interest Differential
- You are entitled to moving expense reimbursement

Project Overview

The Acquisition Process

Residential Tenant Occupied Benefits

- Must be living in home at the time offer is presented to owner to qualify for program benefits
- Benefits based on number of days you occupied the home: maximum benefit received after 90 days of occupancy
- May receive a rental supplement based on period of occupancy. May be used to purchase home---for down payment and/or closing costs
- At a minimum, you are entitled to the same moving expense reimbursement benefit as the owner occupant

Project Overview

The Relocation Process

Commercial Businesses

- Reimburse for Actual Move Costs (Personal Property)
- Search Expenses (up to \$2,500.00)
- Re-establishment Expenses (up to \$10,000.00)
- Economic Loss (< 365 days)
- Loss of Good Will
- In Lieu of Payment (up to \$20,000.00)

Question & Answer

Thank You!

HNTB

HNTB

**The
Acquisition
Process:**

**Presentation
of Offer
Phase**

EXAMPLE

Appraised Value = \$ 50,000
Replacement Home Value = \$53,000

Price Differential **+**

Payment = \$ 3,000

Total Offer = \$ 53,000

If you purchase a home for \$52,000, you will only receive \$2,000 of the differential payment.

If you purchase a home for \$49,000, you will receive no differential payment, but you still receive the full \$50,000 appraisal value.

Opportunity Corridor

Frequently Asked Questions

From Sept. 2009 Public Meetings

How will residents and businesses continue to be involved in the planning of the roadway?

As part of the Opportunity Corridor project, The City of Cleveland and ODOT are working closely with a Steering Committee comprised of individuals representing neighborhood and business interests in the project area. We are also committed to providing meaningful opportunities for public involvement in the planning, design, and decision-making for the Opportunity Corridor project. We welcome comments on the project at any time and all comments received are reviewed and considered by the study team. Future public involvement opportunities will be announced through the mail, on the project website, and through other media as they are scheduled.

Will the proposed roadway improvements serve as a cut-through for traffic trying to access University Circle and have a negative impact on the existing neighboring communities?

The purpose of the Opportunity Corridor project is to address the transportation needs in the project study area, which include improving access and connectivity between the University Circle and the Interstate system. Another purpose is to provide the infrastructure to support the City's proposed economic development efforts and future vision for the community. As a result, we realize the importance of designing a roadway to fit within the community and is taking great care to avoid and minimize disruption to residents and stakeholders.

How will this project spur economic development and provide jobs for area residents?

The City of Cleveland and Greater Cleveland Partnership (GCP) are currently working together to develop an economic development plan for the project study area that supports *Connecting Cleveland 2020 Citywide Plan*. The proposed Opportunity Corridor would support these efforts through enhanced mobility, direct access to the freeways and the University Circle area, new frontage for potential development, improved visibility, and improved multi-modal access.

Would the proposed roadway incorporate environmentally friendly "green" features and other aesthetic elements?

The City is committed to developing a sustainable transportation system through the study area that is aesthetically pleasing, sensitive to the environment, and consistent with the needs of the community. The alternatives developed to date are still conceptual and do not fully illustrate these features. Sustainable design concepts could include elements to protect water quality and to reduce the amount of storm water runoff generated from the project. A number of aesthetic treatments are also under consideration. Although these items are still not fully developed, there will be an

Opportunity Corridor

Frequently Asked Questions

From Sept. 2009 Public Meetings

opportunity for the public to give feedback on possible design elements and themes currently being considered as part of the public meetings in October 2010 and beyond.

What happens to residents whose properties might be required for the road improvements?

From the start of the project, The City and ODOT have been and will continue to be focused on avoiding and minimizing impacts to residential and business properties as much as possible. However private property would be needed to construct the project. State and Federal policies are in-place to protect the interests and rights of home and business owners affected by the proposed project. More detail regarding these programs will be made available at the October 2010 public meetings and in future project communications. If questions arise after the October 2010 meetings, ODOT suggests that you contact their real estate staff person assigned to the project to discuss your questions. The local ODOT real estate contact is:

Mr. Dan Dougherty, P.E. (216) 584-2130 Dan.Dougherty@dot.state.oh.us

Will the Opportunity Corridor Project help facilitate multi-modal travel?

Yes. The proposed Opportunity Corridor would facilitate multi-modal travel by including both a sidewalk and a multi-purpose path. Wider outside vehicular lanes could also be provided for bicyclists sharing the roadway with cars, trucks, and buses. These facilities would provide enhanced pedestrian and bicycle access and connectivity to recreational areas within and adjacent to the project study area. Additionally, the proposed project would improve access and connectivity to existing bus and rail transit options and create opportunities for new bus service in the area.

Are traffic impacts being taken into consideration when developing alternatives? How will local businesses access the Boulevard?

Yes. Traffic analyses were completed and used to develop and refine the conceptual alternatives. Intersections were designed to operate at acceptable level of service. As the alternatives are further refined, the traffic operations of the proposed project will be reevaluated to ensure safe and efficient traffic flow within the project corridor.

The proposed Opportunity Corridor is not a freeway. It would be a city street that would have at-grade intersections with traffic signals and a landscaped median in the middle. Local businesses and residents would be able to access the proposed roadway at these signalized intersections, as well as at approved driveways and access points. The City of Cleveland and ODOT would coordinate to determine which local streets would be directly connected to the proposed roadway.

Opportunity Corridor Public Involvement Meetings

October 5th, 6th, and 7th, 2010

The Ohio Department of Transportation (ODOT) invites your comments on the Opportunity Corridor project. Comments may be provided in the space below or on a separate sheet of paper. ODOT welcomes comments on the project at any time. However, in order for your comments to be considered prior to the next step of the project planning, ODOT requests that your written comments be submitted at this meeting or mailed in by **October 22, 2010**. Mail comments to Jocelynn Clemings at the ODOT, District 12 office (address provided on reverse side of questionnaire).

You may use additional pages if necessary. Your responses will be considered prior to identifying feasible alternatives (ODOT Project Development Process Step 6) for the Opportunity Corridor study. **Thank you for your input.**

In order to help us track comments received; please provide us with your contact information (Optional)

Name: _____ Date: _____

Address: _____ City: _____ Zip: _____

- How did you find out about this public meeting? ☐ Newsletter ☐ Newspaper ad
☐ Flyer ☐ TV/Radio ☐ Project website ☒ Other Burten, Bell, Carr Development
- Are you a member of a civic or business group (e.g., homeowners' association, non-profit group, etc.)?
☐ Yes ☒ No If so, which one? _____
- What is your interest in the Opportunity Corridor project? ☐ Live in study area
☒ Work in study area ☐ Play in study area ☐ General interest/Concerned citizen
- Of the alternates presented, which do you prefer in the **West Section**?
☐ Alternate A ☐ Alternate B ☒ Alternate C ☐ None
Why do you prefer this alternate (or dislike the others)? How can bicyclists be safe at intersections such as E. 55th coming off of the corridor? Please do not immediately end in the middle of nowhere just like Hope Memorial and Veterans Bridge
- Of the alternates presented, which do you prefer in the **Central Section**?
☐ Alternate A ☒ Alternate B ☐ Alternate C ☐ None
Why do you prefer this alternate (or dislike the others)? _____

6. Of the alternates presented, which do you prefer in the **East Section**?

☐ Alternate A

☐ Alternate B

☐ Alternate C

☐ None

Why do you prefer this alternate (or dislike the others)? _____

7. Do you have any additional comments on the Opportunity Corridor project? please include

dedicated bicycle lanes in the project. Why
has relocating the red line RTA Rapid to
the center of the road not discussed?

COMMUNITY Elements

advancing context sensitive design solutions

HNTB

Instructions:

- Place a YELLOW DOT in the Level of Investment Column, ranking each Element Category below.
- Place a RED DOT in the Priority Column for your Top 2 Investment Choices.

FUNCTIONAL elements:

	1. Gateway Treatments Example: • Monuments • Signage • Enhanced Landscaping
	2. Plaza / Community Areas
	3. Public Art
	4. Under-bridge Enhanced Pedestrian Treatments

SUSTAINABLE DESIGN elements:

	1. Pervious Pavement Example: • Concrete Pavers • Brick / Clay Pavers
	2. Stormwater Run-Off (Best Management Practices) Example: • Vegetated Bio Swale • Rain Gardens

LEVEL OF INVESTMENT:

Not Appropriate	Somewhat Appropriate	Neutral	Appropriate	Very Appropriate	PRIORITY
			● ●		● ●
			●		● ● ●
			● ●		● ●
	●		● ●		●
		●	●		● ●
			●		● ● ●

ADDITIONAL comments:

Please provide additional comments concerning community elements in the space below.

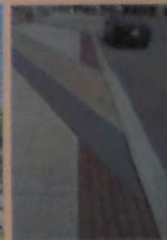

10/6/10 Ken Johnson 8-10a

CORRIDOR character/theme

HNTB

advancing context sensitive design solutions

HISTORIC Inspiration

This thematic concept uses the traditional character, architecture and history of the context as inspiration for corridor design features. Place a dot in the space below if this is a desired thematic inspiration for the corridor.

PROGRESSIVE Inspiration

This thematic concept uses the modern, clean lines to define a "new sustainable future" as inspiration for corridor design features. Place a dot in the space below if this is a desired thematic inspiration for the corridor.

COMMUNITY Inspiration

This thematic concept uses the local culture and community landmarks of the context as inspiration for corridor design features. Place a dot in the space below if this is a desired thematic inspiration for the corridor.

Public Meeting #2 : 8-10 Rec.ctr. 10/10

LANDFORM Elements

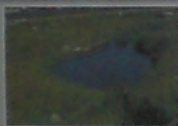

advancing context sensitive design solutions

HNTB

Instructions:

- Place a YELLOW DOT in the Level of Investment Column, ranking each Element Category below.
- Place a RED DOT in the Priority Column for your Top 2 Investment Choices.

FUNCTIONAL elements:

	1. Grading, Slopes & Earth Shaping Example: • Naturalistic Approach
	2. Grading, Slopes & Earth Shaping Example: • Technical Approach
	2. Stormwater Pond Grading Example: • Naturalistic Approach
	2. Stormwater Pond Grading Example: • Technical Approach
	3. Earth Berming / Screening Example: • Naturalistic Approach
	3. Earth Berming / Screening Example: • Technical Approach

ROADSIDE Elements

advancing context sensitive design solutions

HNTB

Instructions:

- Place a YELLOW DOT in the Level of Investment Column, ranking each Element Category below.
- Place a RED DOT in the Priority Column for your Top 2 Investment Choices.

FUNCTIONAL elements:

- Wayfinding Signage**
Example:
• Pedestrian Orientation
• Neighborhood Districts
- Ornamental Pedestrian & Accent Lighting**
Example:
• LED
• Standard Metal Halide
- Enhanced Sidewalks**
Example:
• Colored Concrete
• Brick Paver
- Enhanced Crosswalks**
Example:
• Brick Paver
• Colored Concrete

AMENITY elements:

- Dedicated Bike Lane**
Example:
• On-Street Bike Lane
- Multi-Use Path / Trails**
Example:
• Off-Street Bike Lane
• Shared Path
- Streetscape Planters**
Example:
• Permanent Planter
• Movable Planter
- Pedestrian Amenities**
Example:
• Site Furniture
• Bus Shelters
• Letter and Graphics

LEVEL OF INVESTMENT:

	Not Appropriate	Somewhat Appropriate	Neutral	Appropriate	Very Appropriate	PRIORITY
1. Wayfinding Signage				●		● ●
2. Ornamental Pedestrian & Accent Lighting			●	●		● ●
3. Enhanced Sidewalks			●	●		● ●

Opportunity Corridor Study

Opportunity Corridor Public Involvement Meetings

October 5th, 6th, and 7th, 2010

The Ohio Department of Transportation (ODOT) invites your comments on the Opportunity Corridor project. Comments may be provided in the space below or on a separate sheet of paper. ODOT welcomes comments on the project at any time. However, in order for your comments to be considered prior to the next step of the project planning, ODOT requests that your written comments be submitted at this meeting or mailed in by **October 22, 2010**. Mail comments to Jocelynn Clemings at the ODOT, District 12 office (address provided on reverse side of questionnaire).

You may use additional pages if necessary. Your responses will be considered prior to identifying feasible alternatives (ODOT Project Development Process Step 6) for the Opportunity Corridor study. **Thank you for your input.**

In order to help us track comments received; please provide us with your contact information (Optional)

Name: Nancy Toth Date: Oct. 6, 2010
Address: 9627 Yeaker City: Cleveland Zip: 44104

1. How did you find out about this public meeting? ☒ Newsletter ☐ Newspaper ad
☒ Flyer ☐ TV/Radio ☐ Project website ☐ Other _____

2. Are you a member of a civic or business group (e.g., homeowners' association, non-profit group, etc.)?
☒ Yes ☐ No If so, which one? St. Elizabeth Cath. Church

3. What is your interest in the Opportunity Corridor project? ☒ Live in study area
☒ Work in study area ☐ Play in study area ☒ General interest/Concerned citizen

4. Of the alternates presented, which do you prefer in the **West Section**?
☐ Alternate A ☐ Alternate B ☒ Alternate C ☐ None

Why do you prefer this alternate (or dislike the others)? ~~least disturbing~~
least disturbing of traffic, traffic will flow
smoother

5. Of the alternates presented, which do you prefer in the **Central Section**?
☐ Alternate A ☒ Alternate B ☐ Alternate C ☐ None

Why do you prefer this alternate (or dislike the others)?
straighter, better intersections, less impact to rec. centers

6. Of the alternates presented, which do you prefer in the **East Section**?

☐ Alternate A

☐ Alternate B

☐ Alternate C

☒ None

Why do you prefer this alternate (or dislike the others)? _____

7. Do you have any additional comments on the Opportunity Corridor project? *please do*

something

Opportunity Corridor Public Involvement Meetings

October 5th, 6th, and 7th, 2010

The Ohio Department of Transportation (ODOT) invites your comments on the Opportunity Corridor project. Comments may be provided in the space below or on a separate sheet of paper. ODOT welcomes comments on the project at any time. However, in order for your comments to be considered prior to the next step of the project planning, ODOT requests that your written comments be submitted at this meeting or mailed in by **October 22, 2010**. Mail comments to Jocelynn Clemings at the ODOT, District 12 office (address provided on reverse side of questionnaire).

You may use additional pages if necessary. Your responses will be considered prior to identifying feasible alternatives (ODOT Project Development Process Step 6) for the Opportunity Corridor study. **Thank you for your input.**

In order to help us track comments received; please provide us with your contact information (Optional)

Name: M. M. 334 Date: 10/6/10
Address: 3011 Nursery City: Cleve. Zip: 44127

- How did you find out about this public meeting? ☒ Newsletter ☐ Newspaper ad
☐ Flyer ☐ TV/Radio ☐ Project website ☐ Other _____
- Are you a member of a civic or business group (e.g., homeowners' association, non-profit group, etc.)?
☒ Yes ☐ No If so, which one? W.C. Foundation and B.H. Society
- What is your interest in the Opportunity Corridor project? ☒ Live in study area
☒ Work in study area ☐ Play in study area ☐ General interest/Concerned citizen
- Of the alternates presented, which do you prefer in the **West Section**?
☐ Alternate A ☐ Alternate B ☐ Alternate C ☒ None
Why do you prefer this alternate (or dislike the others)? None - Economy has changed. Surrounding Corridor should be left to nature. (natural with prairie, grass, ponds, trees, and fields) [for hunting and animals] for green area
- Of the alternates presented, which do you prefer in the **Central Section**?
☐ Alternate A ☐ Alternate B ☐ Alternate C ☒ None
Why do you prefer this alternate (or dislike the others)? none - see above. We must prevent pollution to meet federal standards and green natural area would contribute to stability and quality of community.

6. Of the alternates presented, which do you prefer in the **East Section**?

☐ Alternate A

☐ Alternate B

☐ Alternate C

☒ None

Why do you prefer this alternate (or dislike the others)? See questions 4 & 5.

We need green space for natural resources
quality and life in all forms and improve life

7. Do you have any additional comments on the Opportunity Corridor project? _____

How will this project compliment the current
anti-pollution mandates by the State & federal
gov? Right now, non-natural use of land, is being
stopped. Where are we to get the \$\$\$ to pay the taxes
and fines levied against the City of Cleveland?

We can't take care of what we have now, how
can we take on more? How will taxing the
people bring prosperity?

Postage
Required

Can you guarantee it will not become a "white elephant
Like "Euclid Corridor?" or "Tremount Revival?"

ODOT District 12

Attn: Jocelynn Clemings

5500 Transportation Blvd

Garfield Heights, Ohio 44125

We should hold off on the Project until Economy
gets Better.

(fold, tape, affix postage)

OCTOBER 6, 2016

EVEN IF I DON'T EXIST, they still
have problems as deception, that some one should
fix, IF they have the power to,

I AM THE FATHERS "YH KOL HAY GEDIM
FATHER" response ability I can't blame
the angels for something that would be
nice if he took care of me HIS self

IT'S NOT FAN. TO TELL me resolution that
to do say as think, all influencing me
in to doing it, and punish or mistreat me
for IT after things,

THEY SAY GOD allowed me to grow up
there wouldnt be enough reason not to trust me
BUT I'm understanding to your courtship,
there are not the most happy days

From: yesterday christos ALSO known as

Opportunity Corridor

Public Involvement Meetings

October 5th, 6th, and 7th, 2010

The Ohio Department of Transportation (ODOT) invites your comments on the Opportunity Corridor project. Comments may be provided in the space below or on a separate sheet of paper. ODOT welcomes comments on the project at any time. However, in order for your comments to be considered prior to the next step of the project planning, ODOT requests that your written comments be submitted at this meeting or mailed in by **October 22, 2010**. Mail comments to Jocelynn Clemings at the ODOT, District 12 office (address provided on reverse side of questionnaire).

You may use additional pages if necessary. Your responses will be considered prior to identifying feasible alternatives (ODOT Project Development Process Step 6) for the Opportunity Corridor study. **Thank you for your input.**

In order to help us track comments received; please provide us with your contact information (Optional)

Name: Deborah Griffith Date: 10-7-2010

Address: 5703 Bower Ave City: CLEVELAND Zip: 44127

1. How did you find out about this public meeting? ☐ Newsletter ☐ Newspaper ad
☐ Flyer ☐ TV/Radio ☐ Project website ☒ Other MY DAUGHTER

2. Are you a member of a civic or business group (e.g., homeowners' association, non-profit group, etc.)?
☐ Yes ☒ No If so, which one? _____

3. What is your interest in the Opportunity Corridor project? ☒ Live in study area
☐ Work in study area ☐ Play in study area ☐ General interest/Concerned citizen

4. Of the alternates presented, which do you prefer in the **West Section**?

☒ Alternate A ☐ Alternate B ☐ Alternate C ☐ None

Why do you prefer this alternate (or dislike the others)? IT DOESN'T TAKE
OUT AS MANY HOUSES

5. Of the alternates presented, which do you prefer in the **Central Section**?

☒ Alternate A ☐ Alternate B ☐ Alternate C ☐ None

Why do you prefer this alternate (or dislike the others)? SEEMS THE BEST ONE

6. Of the alternates presented, which do you prefer in the **East Section**?

☐ Alternate A ☐ Alternate B ☐ Alternate C ☐ None

Why do you prefer this alternate (or dislike the others)? NOT SURE

7. Do you have any additional comments on the Opportunity Corridor project? _____

Name: CHRIS BONGORNO Date: 10/7/10
Address: 6009 FRANKLIN BLVD / 10931 MAGNOLIA DR. City: _____ Zip: _____
CLE, 44102 CLE, 44102
(HOME) (WORK)

1. How did you find out about this public meeting? ☐ Newsletter ☐ Newspaper ad
☐ Flyer ☐ TV/Radio ☐ Project website ☒ Other GRANDMOTHER PASSED ON HER FLYER!
2. Are you a member of a civic or business group (e.g., homeowners' association, non-profit group, etc.)?
☒ Yes ☐ No If so, which one? UNIVERSITY CIRCLE INC.
3. What is your interest in the Opportunity Corridor project? ☐ Live in study area
☒ Work in study area ☒ Play in study area ☒ General interest/Concerned citizen
4. Of the alternates presented, which do you prefer in the **West Section**?
☐ Alternate A ☐ Alternate B ☐ Alternate C ☐ None
Why do you prefer this alternate (or dislike the others)? Agree with choice to further evaluate A+C, but each has its weaknesses; need to maintain ped access to R+R Station; ensure remaining Ulysses neighborhood is not left as a marginal community, but can be utilized as a strength to build off of.
5. Of the alternates presented, which do you prefer in the **Central Section**?
☐ Alternate A ☒ Alternate B ☐ Alternate C ☐ None
Why do you prefer this alternate (or dislike the others)? Woodward as through street; protect historic structures + neighborhood amenities; enhance transit connections between O.C., Red Line + Green/Blue Lines - key TOD opportunity!

6. Of the alternates presented, which do you prefer in the **East Section**?

☐ Alternate A

☐ Alternate B

☐ Alternate C

☐ None

Why do you prefer this alternate (or dislike the others)? would have thought B would be least
disruptive, but it looks like C is best; be careful north of Cedar w/ institutional buildings,
plans, + expansions - some may be planning for alt. B.; integrate w/ C. bus station + be
sensitive to neighborhood scale + connections, as this is the straightest, most "grid-like" section

7. Do you have any additional comments on the Opportunity Corridor project? We appear to be on
the right track, but I will reiterate the need to plan the O.C. as a "complete street" w/
vehicle, transit, bike + ped access all weighted + planned for equally, while at the same time
optimizing ecological function and real estate development ~~and~~ opportunities. + Don't oversize it!
w/ too many lanes!

Example:
 - Colored Concrete
 - Unit Pavers
 - Pervious Pavers
- Enhanced Bridges**
- Decorative MSE/ Structural Supports**
Example:
 - Bridge Abutment Wall
 - Retaining Wall

SUPPORT elements:

- Sound Barriers**
- Ornamental Railings & Fencing**
- Ornamental Roadway Lighting**
- Roadway Median**
Example:
 - Jersey Barrier
 - Paved Median

LEVEL OF INVESTMENT:

	Not Appropriate	Somewhat Appropriate	Neutral	Appropriate	Very Appropriate	PRIORITY
1. Decorative Pavement			●	●		
2. Enhanced Bridges		●		●		
3. Decorative MSE/ Structural Supports				●	●	●
1. Sound Barriers		●			●	●
1. Ornamental Railings & Fencing					●	●
2. Ornamental Roadway Lighting				●	●	●
3. Roadway Median				● ●		

ADDITIONAL comments:

Please provide additional comments concerning roadway elements in the space below.

What about a planted median? Why are the only choices here to be more concrete? Being green wherever possible sound barriers are generally ugly & monotonous. If they can be a vehicle for relevant community art they might merit consideration.

Public Meeting
10/7/10
HayH.S.

VEGETATION Elements

HNTB

advancing context sensitive design solutions

Instructions:

- Place a **YELLOW DOT** in the Level of Investment Column, ranking each Element Category below.
- Place a **RED DOT** in the Priority Column for your Top 2 Investment Choices.

FUNCTIONAL elements:

1. Vegetation Preservation & Protection

2. Roadway Median
Example:
• Planted Median

3. Street Trees

AMENITY elements:

1. Green Street Program

2. Seasonal Planting Rotation

LEVEL OF INVESTMENT:

	Not Appropriate	Somewhat Appropriate	Neutral	Appropriate	Very Appropriate	PRIORITY
1. Vegetation Preservation & Protection					● ● ●	●
2. Roadway Median Example: • Planted Median					● ●	●
3. Street Trees					● ● ●	● ●
1. Green Street Program					● ●	● ●
2. Seasonal Planting Rotation			●	● ●		

ADDITIONAL comments:

Please provide additional comments concerning vegetation elements in the space below.

Opportunity Corridor

Public Involvement Meetings

October 5th, 6th, and 7th, 2010

The Ohio Department of Transportation (ODOT) invites your comments on the Opportunity Corridor project. Comments may be provided in the space below or on a separate sheet of paper. ODOT welcomes comments on the project at any time. However, in order for your comments to be considered prior to the next step of the project planning, ODOT requests that your written comments be submitted at this meeting or mailed in by **October 22, 2010**. Mail comments to Jocelynn Clemings at the ODOT, District 12 office (address provided on reverse side of questionnaire).

You may use additional pages if necessary. Your responses will be considered prior to identifying feasible alternatives (ODOT Project Development Process Step 6) for the Opportunity Corridor study. **Thank you for your input.**

In order to help us track comments received; please provide us with your contact information (Optional)

Name: Richard Winston Date: 10/7/10
 Address: 1507 E. 107th St City: Cleveland Zip: OHIO

1. How did you find out about this public meeting? ☐ Newsletter ☐ Newspaper ad
☐ Flyer ☐ TV/Radio ☐ Project website ☒ Other FANCUS COMM ORGANIZER

2. Are you a member of a civic or business group (e.g., homeowners' association, non-profit group, etc.)?
☐ Yes ☒ No If so, which one? _____

3. What is your interest in the Opportunity Corridor project? ☐ Live in study area
☐ Work in study area ☐ Play in study area ☒ General interest/Concerned citizen

4. Of the alternates presented, which do you prefer in the **West Section**?

☐ Alternate A ☒ Alternate B ☐ Alternate C ☐ None

Why do you prefer this alternate (or dislike the others)? Movement from I490 give access to 55th

5. Of the alternates presented, which do you prefer in the **Central Section**?

☐ Alternate A ☒ Alternate B ☐ Alternate C ☐ None

Why do you prefer this alternate (or dislike the others)? _____

6. Of the alternates presented, which do you prefer in the **East Section**?

☐ Alternate A ☐ Alternate B ☒ Alternate C ☐ None

Why do you prefer this alternate (or dislike the others)? _____

7. Do you have any additional comments on the Opportunity Corridor project? _____

Good Luck!
